

RETAIL

From promoting new products to adding professional polish to the checkout counter, print is the finishing touch for retail locations.

BUSINESS CARDS & STATIONERY

Use business cards both to connect with investors and to create loyalty punch cards that keep customers coming back.

MARKETING MATERIALS

Mail postcards and create posters to promote sales or promote grand openings with a traditional announcement.

Post-it® Notes

Make creative coupons with Post-it® Notes. Pads make them easy to keep next to registers.

CHECKS & FORMS

Keep employee applications and paychecks organized.

PROMOTIONAL PRODUCTS

Promote retail locations with full color magnetic business cards and pens, or use full color plastic bags to bring your brand to every purchase.
